PC Simulation / Off Line Editor

Simulation software allowing off line editing of shows (included with console) P.O.A

or available as no charge download from www.avolites.com

Diamond 4 Desktop Components (First availability - March 2004):-

Vare nr.	Beskrivelse	Pris
	The Desktop series of components allows off line editing of a Diamond 4 show, and with the addition of the software unlock and EZ DMX the simulation software can be used to actually run a show either as a backup to the main console or as a small stand alone system for exhibitions etc. The 'Pilot' gives physical playbacks enhancing the usability of software. To run the software a good quality software stable PC running MS Windows XP is required, with at least 500Mb memory, 40Gb free hard disk space, 1 free USB port and a graphics screen with resolution of at least 1280 * 1204.	
30-10-7610	Diamond 4 Desktop software (dongle to unlock software)	15.975,-
33-65-3102	EZ DMX unit. 8 DMX universe output box for Desktop system	10.490,-
30-01-7601	Diamond 4 Pilot controller (provisional price)	9.160,-
	ShowSafe for Diamond 4/Pearl Expert	
30-01-2000	Fully flightcased 19in unit	42.075,-
	special price if purchased at the same time as a Diamond 4 or Pearl Expert	28.760,-

1808-0016	ART 2000 software upgrade cable	277,-

ART 2000 Install Dimming Systems

All install systems are configured to order and there are a large number of configurations shown below are some of the more popular options to give a price indication, however contact the sales team for an exact quotation, or consult the Art2000 I component price list in appendix 3

All Art 2000 Install Systems feature:

- Channels rated at 16 Amps at 100% Duty Cycle.
- Studio Standard Suppression Chokes at 240µ Seconds.
- 2 Bays containing 12 by 16, 6 by 32, 3 by 63 amp or 12 by 16 Amp Switched channels
- Panic input switching to a pre determined state
- Dual DMX inputs, both with HTP merge
- Fully flexible soft patching on both DMX inputs.
- Channel test encoder
- All Art 2000 Systems are CE Compliant.
